On Wednesday February 18th, units from Taneytown and several other mutual aid companies responded for a kennel fire in the 1400 blk of Keysville-Bruceville Rd. L-5 arrived to find the 12x40 building fully involved in close proximity to the house. RID dispatch was started due to the close proximity to the residence. Crews quickly cooled down the residence and made a quick knock on the fire. The assignment was quickly scaled back, only holding units from Taneytown(L-5, M-58), Union Bridge(E-81, ET-82), Rocky Ridge(FC ET-134), and Harney(E-111, ET112).
